

Appendix 1: Map based on the assumption that Cohesion Policy would cover all the regions beyond 2020

Categories of regions

- Less developed: GDP/head < 75% of EU-27 average
- Transition: GDP/head \geq 75% and < 100% of EU-27 average
- More developed: GDP/head \geq 100% of EU-27 average

GDP/head: average of the years 2013-14-15
 The 2015 values for the two regions of Ireland have been estimated by using the national value.
