Article 29(1)(b) of the Staff Regulations offers officials the possibility of requesting a transfer to another institution or agency at any time during their career. However, candidates are reminded that, in the interests of the service, the transfer of newly recruited officials less than two years after they first take up their duties is only possible in exceptional cases and for properly substantiated reasons; each individual case has to be submitted for approval to the official's original institution or agency and to the institution or agency to which he/she wishes to transfer.

The Committee of the Regions (CoR) is the political assembly which allows the views of regional and local authorities to be heard when European Union policies are being devised and legislation drafted. It is an advisory body that was created in 1994. Its consultative role allows its 350 members, and through them the regional and local authorities they represent, to take part in the EU decision-making process.

As an employer, the CoR applies a policy of equal opportunities, precluding any discrimination, and is also committed to protecting the environment.
