

Covid19 recovery- What young people need

Biliana Sirakova
EU Youth Coordinator

What we should be worried about

Only 30% agree that academic institutions prepare them for the future of work

13.7% 15-24 yr olds not in employment, nor education and training (NEET)

What young people need – **it depends!**

Youth unemployment - 30% (GR), 5% (CZ)

Early leavers from education – 17% (MT), 4% (GR)

Youth homelessness (50% increase since 2015 in NL)
