Integrated Home Renovation Services

- Create, expand or replicate “one-stop-shops”
- Single entry point to cover the whole “customer journey”
- Facilitate the access of local professionals to final customers
Aggregation - Project Development Assistance

- **Aggregate** (pooling, bundling) projects to reach critical size

- **Build** technical, economic and legal expertise needed for project development

- Develop organisational innovations and minimise transaction costs

- High degree of replicability, leverage factor

- Existing public & private buildings, including social housing (as well as street lighting, urban transport..)
European City Facility – local investments

• Offering **financial support and services** to cities and municipalities (or groupings) to develop innovative investment concepts

• Project pipeline with critical investment scale (e.g. pooling projects and/or bundling with neighbouring constituencies), financing strategy and process to launch investments, considering different financing routes, Legal and governance analysis etc.

• Address residential buildings, public buildings, building integrated renewables…
