The Covenant of Mayors for Climate & Energy
Local governments voluntarily committed to implementing EU climate and energy objectives
An evolving initiative
STEP 1: Signature of the Covenant of Mayors for Climate and Energy

STEP 2: Submission of your Sustainable Energy and Climate Action Plan (SECAP)

STEP 3: Submission of your monitoring report

Initiation & Baseline Review

Evaluation & feedback

Review progress, readjust priorities

Defining ambitions

Offering citizens high quality of life in sustainable, climate-resilient and vibrant cities

Implementation, Monitoring & Reporting

Deliver practical actions
Step 1
Present the Covenant of Mayors for Climate and Energy initiative to the municipal council. In order to facilitate the council discussion, you can download the commitment document here;

Step 2
Once an official resolution has been adopted by the council, mandate the mayor - or equivalent representative of the council - to sign the Covenant adhesion form. You can download the adhesion form here;

Step 3
After signature, complete your information online and upload your duly signed adhesion form; take note of the next steps, outlined in a confirmation e-mail sent to the local authority council.
