Regions and cities, pillars of the EU’s future
Presented by
Alexandros Charalambides

October 9th 2019

CYPRUS
Cleantech Hub for the region
Innovation & Entrepreneurship can play a critical part in achieving high renewable energy penetration in Cyprus and the region.

2030 Potential
Renewable energy could provide up to 40% of Cyprus’ total electricity supply and generate up to 22,000 jobs | IRENA Study, 2015
• Absorbed approx. €90 million EU funding for RDI

• €100 million secured

• In Cleantech:
  <€35 million
  <100 researchers
  <100 projects
Feasibility

- **Seeds**
- **Cultivate**
- **Harvest**

**INVESTMENT**

**TIME/STAGE**

**Recruit**

**Build**

**Scale**
Make Cyprus a hub for **Cleantech** Innovation & Entrepreneurship
