

A photograph of a factory interior. In the foreground, a large industrial machine with a prominent wheel is visible. To the right, a worker wearing a full protective suit and a face shield is standing. The background shows a long, narrow corridor with a bright light source at the end, possibly an open door or window. The overall atmosphere is industrial and somewhat dimly lit.

Province of Gelderland (NL)

European Entrepreneurial Region 2019

'Our EER success
secrets'

Phase 1 – Creating the Bidbook

- You need political support
- Reach out to local and regional partners and businesses in an early stage (community building, letters of commitment)
- Select one theme to focus on during the EER year

Phase 2 – Celebrate!

- It is not ‘our party’, we thank our regional partners and businesses

≡ provincie
Gelderland

Phase 3: From plans to realisation

- Arrange internal capacity and funding to create visibility
- Start directly after winning, don't wait until your EER year has started

Our EER2019 plans

- 12th of February - local kick-off
- 22-23 May 2019 - international conference @Gelderland
- November 2019 – Dag van Gelderland
- Start-up and scale up of financial instruments to support SME's
- Initiation of new Interreg projects

#SharingIsCaring

We'd like to act as a peer region. Any questions or interested in attending the conference in May? Please contact eer2019@gelderland.nl
