5,000 Members of Cohesion Alliance and strong presence in national media

Permanence of European Social Fund inside the Common Provision Regulation

Regional focus: lagging behind, transition and developed regions
Reference to Multilevel Governance
Moderate cuts for European Social Fund+ / European Regional Development Fund
Strong bias towards simplification
More flexibility for territorial development at project level

Allocation method extended to new criteria beyond GDP (climate, migration ...)
CoR first institution to take official position. Good convergence with the European Parliament.
